Sprouts One with Faiqa & Carol

A huge warm welcome to all our dear families. The last month has been an extremely productive time as the children continued to grow and learn about many things. I have welcomed new children to our room- Amanda, Sasha and Zahra.

*The past month has been very exciting with group activities. While working in group activities, the children developed their **social skills**. Children were able to learn more about speech and how to use it to get what you want or need. The children also learnt more about sharing and compromising with others, which was a mix of both social skills and team work. Group activities for children helped them learn when to back down and that they didn't get their own way the whole time.*

I look forward to the next month where the children will continue to grow and learn whilst having fun.

Please ensure that all items are labelled and please feel free to come talk to me if you have any inquiries or concerns.

*Thank you,
Faiqa and Carol*
