

Hello again,  
Welcome Elysha to  
Sprouts three, Olivia from  
her long holiday, Jacob  
and Isla from the school  
term break.

We introduced a simple  
weather chart to our toddlers  
with the question of 'what do  
we need to put on our head  
when we go outside'?

And also explained to them  
why we needed to water our  
plants.

**Sensory  
activities** - our  
toddlers enjoyed  
different activities  
such as: how to  
use eye droppers  
to do painting,  
touch sensory  
bags and/or play  
with shaving  
foam.

To support our farmers, the 27<sup>th</sup> September was our Strawberry Day. We encouraged toddlers to slice his/her own strawberry and scoop strawberries and yogurt by using serving spoon during their afternoon tea time.

To help the children build their self esteem, we incorporated dress-up role play by bathing the baby dolls, dressing them and hanging up the infant clothes.

Hope you enjoy our newsletter.
